## Founder Message

As COO and Co-founder, my journey from schooling in a remote village to earning an M.Tech at NIT Jamshedpur experienced several flaws in India's traditional education system. I'm committed to bridging this gap by providing quality education through Adhyyan, meaning "to study." My role is to ensure effective learning processes, empowering students for academic success and societal contribution. Our goal is to become India's leading academy, fostering both academic achievement and social responsibility.

**Mr. Sudhir Kr Mahato**

M.Tech (NIT- Jamshedpur), COO and Co- Founder

I express gratitude to all who believe in the ADHYAN family. Born in Nalanda (Bihar), once a center of intellect in ancient India, in a middle-class family, I understand the value of education. Every Indian child deserves quality education for a prosperous society. With a passion for teaching since childhood and an MTech from NIT Jamshedpur, I joined a prestigious institute for IIT/NEET coaching. Alongside two like-minded friends, I co-founded Adhyyan, focusing on holistic student development. Our goal is not just exam preparation but also overall growth. At Adhyyan, every lecture ensures standardized content delivery within deadlines. Success requires perfection, hard work, and learning from failures. As CFO, I manage funds for seamless operations.

**Mr. Rakesh R. Kumar**

M.Tech (NIT- Jamshedpur), CFO and Co- Founder

I am EXCITED to share with you the story of ADHYAN DEFENCE ACADEMY, which was founded with a vision to provide quality education blended with human values. As someone who was born and raised in the remote foothills of Northeastern Himalayan, I understand the importance of education in one's life. I was fortunate to have met two of my dear friends and colleagues, Mr. Sudhir Kumar Mahato and Rakesh Ranjan, at our former workplace. Together, we shared a common dream of creating an institution that would provide education in all colors of human values. And thus, Adhyyan was born. Today, I am

proud to say that our dream is slowly becoming a reality. Adhyyan is one of the fastest-growing academies in the region, providing quality education with moral and ethical values. It brings me immense joy to see that people from remote areas are joining us and benefiting from the quality of education we offer at an affordable cost.

I am an ex student of Adhyyan Defence Academy batch 2022-24  
And also cleared NDA-I-2024 And NDA-II-2024  
In these two years i have got to learn a lot of things like for example

- 1 • self confidence
- 2 • makings new friends
- 3 • got to know how hard work plays an important role in life and which teached a lot of things
- 4 • how teacher and student Bond should be like for example the Faculty of adhyyan that is teachin staff like SUDHIR SIR, CHAPUT SIR, RAKESH SIR AND NEHAL SIR

Are available for 24 hrs as their MOTTO says which was very helpful during my preparation days like i asked doubt to chaput sir at 1 am in the night from which the question came directly so this small small effort plays an important role to make our preparation for clearing the written exam

5 • adhyyan also taught me how to be a adaptable person as i was not in hostel in 11th standard and afterwards i joined the hostel in 12 th standard so i got to know how hostel life is which made me a rigid and changed my perception while living with my friends in hostel

6 • The teaching and non teaching staff is also very supportive which is very helpful in the academic sessions

These 5-6 points will not convey my whole 2 years experience but I tried to convey my best of it

THANK YOU ADHYYAN DEFENCE ACADEMY

For changing my life

And best of Luck for my juniors and my Batchmates

I've been here for 2&1/2 yrs and my days here was full of study and enjoyment.. My journey started in my 11th STD . As I was not having hostel experience some days in the starting, I was a bit nervous, but as soon I met with my colleagues I became familiar with the healthy environment.. The faculty is dedicated and want full output from the students . Skills required in a cadet is developed in the daily routine starting from the Physical exercises in the morning to the night doubt clearing sessions in the night.

Various group activites and personality development classes is taken by the faculty. The subjects which the student is facing problem, is taken special care and more practise problems are given to the students which makes the subject familiar to the student.

Sports activities and competitions are conducted where the tough fight between the students creates team spirit and cooperation. I've enjoyed studying in such a place , which helped me to clear my NDA 2 2024 attempt and gave me a chance to go for the SSB interview..

I have spent more than 2 years in this institute and in this two years I learnt many things related to academics and also about the real life aspects. I have been an average student from childhood, but the way in which every companion in this journey encourage each other, I also felt motivated throughout my journey which helped me to clear my NDA written examination twice. It made me feel that hardwork with proper guidance leads to success...
